

# Pischi Li

פתחי

letter keys for keyboard · Simcha Leiner · key: C major (all white keys; moved down from G major)

לי

**How to read it:** each box is a key. Letters with no mark are the white keys from **middle C** going up.

 = the C higher up (to the right)  = just below (left of) middle C  = black key

– = keep singing the same word · wider box = hold the key a bit longer

## Then sing it all again from the top

Part 1, Part 2 and the Chorus, as in the easy piano tutorial; the song then sings the whole thing again. Piano intro left out. Where the words sit under the keys one by one they are matched syllable by syllable; in Part 2 and the Chorus the piano plays extra notes between the words, so the words are printed under the line.
